Widepac™

Widepack system allows generous access to the reservoir opening. Easy to fill with liquid or ice. Featuring airtight seal, smooth slider operation, quick draining, cleaning & drying.

Grunge Guard™

Grunge guard™ Technology inhibits bacteria growth on the reservoir and drinking tube surfaces for the life of the system. Technology utilizes FDA approved and EPA-registered anti-microbial agent.

Glass Like™

Glass-like™ film technology prevents bio-film build up. Glass-like™ film is 1000% smoother than standard PU film with only a 50% difference from glass itself.

Taste-Free™

High-tech co-extruded film and tube retains water with no plastic aftertaste.

Care-Free™

A new generation in hydration systems, in which cleaning is no longer an issue. Simply refill and drink again and again without special care. The same water will remain fresh for days and even weeks.
